AIA Flint Chapter Design Awards Program 2013 Call for Entries

The AIA Flint is inviting members of its chapter to submit your best work for a juried Design Awards Program.

Through the Design Awards program, the AIA Flint will recognize the design excellence of its members. It serves to promote the value of good design and the commitment of local architects to the community in which they live and work. It will also be a chance for the architects to honor and acknowledge the contributions of the clients for whom the work has been done.

Submitted entries will be judged by architects from the AIA Saginaw Valley. The projects will be judged individually, not in competition with each other. The jury will be encouraged, but not required, to select for recognition a minimum of one project per category.

The presentation and announcement of winning submissions will be made Friday, April 12th, at a downtown Flint ArtWalk event, coinciding with Architecture Week 2013. All submissions will be on display at the ArtWalk event and all entries will be featured on AIA Flint website.
